Revd Matthew Brown, D.D. President — — —

The Board of Trustees of Jefferson College, situated in Canonsburg, Washington County, Pennsylvania, deeming the creation of a Medical Faculty in connexion with that Institution, expedient; passed at their Stated meeting, held in the month of June 1824, the following Resolutions; viz.

"That the Board of Trustees of Jefferson College hereby establish a Medical School, in connexion with, & as a part of the Institution of which they the said Trustees are the legal Guardians & Directors."

"That the Medical School so established, be located in the City of Philadelphia."

Agreeably to the foregoing Resolutions, the following Gentlemen were duly appointed to the respective Professorships, attached to their names. viz.

Joseph Klapp, M.D. Professor of the Theory & Practice —
John Eberle, M.D. — " — of Obstetrics.
Jacob Green, A.M. — " — of Chemistry.
George McClellan, M.D. — " — of Surgery & Anatomy. —

At the same meeting articles of Union were also drafted & transmitted to the Professors, so appointed, in the form of an Official Document, founded on the mutual agreement of the parties thus connected. By one of these articles the privilege was given to the Faculty, of nominating any Individual, deemed proper to

fill the Vacant Chairs, & to make any other arrangements which might be thought necessary to promote the objects of the Board of Trustees, & the Professors by them appointed.—

Agreeably to this article D^r^ B. Rush Rhees, was proposed, & at a meeting of the Board, held in September 1824, was appointed Professor of Materia Medica. No official record was kept of the Faculty proceedings at this period, as no officer was appointed to perform the duty. The following arrangements however were made.

At the request of D^r^ Klapp, he was transferred from the Chair of the Theory & Practice to that of Anatomy - D^r^ Eberle took his original place, & the professorship of Midwifery, was thus left vacant. To this on the nomination of the Faculty, D^r^ J. S. Beattie, was appointed by the Board of Trustees, & the Medical Department now stood thus.

Joseph Klapp. M.D. ——— Anatomy.
John Eberle. M.D. ——— Theory & Practice.
Jacob Green. A.M. ——— Chemistry.
George McClellan. M.D. ——— Surgery.
B. Rush Rhees. M.D. ——— Materia Medica.

The first regular meeting of the Faculty so constituted was held on the 20th of December 1824.

Minutes of the proceedings of the Medical Faculty of Jefferson College.

The first regular meeting of the Jefferson Medical Faculty was held, December 20th 1824. Dr. Eberle was called to the chair, & Dr. Rhees, appointed Secretary. Notice was given by Professor Green that the oath, required by the Charter of the College, might be taken before the Mayor of the City, & it was accordingly agreed that each Professor should so be qualified. On motion, Dr. Rhees, was appointed Dean of the Faculty, with instructions to procure the necessary books for keeping a record of the Faculty proceedings, & to perform all such duties, as in other similar institutions, devolved on the office of Dean. The appointment was accepted. On motion, Drs. Eberle & Beattie & P. Green A.M. were appointed a committee to take such measures as they may deem expedient, for procuring the Building, formerly the Tivoli Theatre, on Prune Street, near the Washington Square, & owned by George Shaw. The committee so appointed were instructed to secure if possible a Lease on the building for a term not less than five Years & three months from the 1st of January next & at a rent not exceeding $550. per annum.

No further business before the Faculty, Adjourned —

December 22nd 1824. A meeting of the Faculty was held this day, Dr Eberle in the Chair. The Committee appointed to procure the Building in Prune Street, Reported, That they have engaged with the proprietor George Shaw, to rent the premises attended to on the following terms. On the part of the Faculty it is agreed that the sum of $550. per annum be paid to George Shaw in semi-annual payments, the first, on the 1st of July next & thus on to the 1st January, 1830 when the Faculty engage to pay at the same rate the rent of 9 months, to the 1st of April 1830 when the lease will expire— On the part of the proprietor it is agreed, that all such fixtures as may be required for the use of the Faculty, should be freely employed by them, with the exception of certain parts of the building, which the committee report, will be named in the contract between the parties, to be drawn up, if the Faculty enter into the arrangements they have made. The Committee further recommend that an instrument be legally prepared on the part of the Faculty that the business of their appointment may be closed. Drs Beattie & Rhees, were accordingly directed to consult with R. W. Sykes Esq— as to the best mode of completing the arrangements with Mr Shaw. On motion, Resolved, That as soon as the lease should be drawn up in such manner as to be satisfactory to both parties, the Members of the Faculty be severally called upon to place their signatures to it

note— In compliance with one of the resolutions of the meeting, Drs Beattie & Rhees waited on Mr Sykes, & according to the proposition of Dr Beattie consulted him as friend—

Decr 30th 1824 - A special meeting was held this day, in consequence of the refusal of Dr Klapp to enter on the pecuniary engagements necessary for the prosecution of the designs of the Faculty, & his own doubts as to his ability to commence a course of Lectures in the ensuing fall - It was stated to the meeting, (though not officially) that Dr K. was willing to enter into bonds for the payment of his quota of all expences incurred by the Faculty from the present period, until he found it convenient to commence his course - This he thought impossible next winter. Giving to these representations from Dr Klapp their due weight, & yet considering that the propositions accompanying them, could not be consented to, consistently with the immediate & pressing interests of the Faculty, it was determined that a committee be appointed to wait on Dr K. & learn from him definitively whether he would sign the lease, & engage to lecture on the following season, or not? If not, the Committee were instructed to suggest the propriety of Dr Klapp's resignation. Adjourned —

note - Between the meeting held Decr 30th 1824, & the meeting following the members of the Faculty, Dr Klapp, excepted, met at the house of Mr Shaw, & severally affixed their names to the Lease, which is to be found among the papers deposited with the Dean —

January 3d 1825. A meeting of the Faculty was held this day The committee appointed on the 30th ult. to communicate with Dr Klapp, Reported, that they had waited on Dr Klapp & presented a note to him, to which he replied by tendering

his resignation to the Board of Trustees of Jefferson College, as one of the professors of the Medical Department of that institution.

Ordered, by the Faculty, that the resignation of Dr. Klapp be handed to the Revd Robert Green, to be by him transmitted to the Board of Trustees of which he is a Member.

At the same meeting the following business was transacted. Professors Green & Beattie were appointed to engage a Carpenter to fit up the building in a proper manner & to Dr. Eberle, was assigned the duty of engaging a Mason for the same purposes. these three to constitute a Building Committee of which it was understood, Prof. Green would be Treasurer. On motion Resolved that each Member of the Faculty pay to the Treasurer of the Building Committee the sum of $20. when by him demanded.

The building Committee report that they have entered into an agreement with Alexander Hampton, Carpenter, for the repair & alterations of the building & that the work will be accomplished at as early a period as practicable. A plan was also submitted by the Committee, which in its general features was approved of, while it was left to their discretion in conjunction with the judgment of the Carpenter to make any alterations which from time to time might be deemed expedient. On motion, Resolved, that with a view to advance the interests of the School, an address be delivered

on some day prior to the close of the ordinary Session of the Medical department of the University, explanatory of the objects & purposes for which a new School has been created. Resolved, that Dr. Rhees be appointed to deliver this address. Resolved, that the Building Committee be instructed to have at least one lecture room completed with all possible expedition & that they report to the Faculty as soon as it is in readiness. Resolved, that each member pay to the Treasurer of the Committee such Instalments as may be by him called for, to promote the objects of the foregoing resolutions

Note, From the period of the last Faculty meeting until January 23d. the Dean was absent from the City - The details of all that was done during this interval not having been reported to him, cannot be recorded - The Building committee have however been actively engaged in in the performance of their duty, & the expectation is entertained that Dr. Nathan R. Smith, who has been named as Professor of Anatomy, will shortly visit the City -

Resolved, that in addition to their present arrangements, the Committee be instructed to prepare an Apartment, to be used by the Dean

as an Office, & to be also appropriated to the reception of indigent patients, whom it is hereby determined to supply with medicines gratuitously. By the foregoing resolution, the establishment of a permanent Infirmary in connection with the college is projected, tho' the regulations of said Infirmary are left for future consideration — Resolved, that the preparation of the Office & Infirmary be submitted to the care of Professor Green & Rhees, who in conjunction with the building committee are authorized to take such measures as may be thought proper to fit up the apartment.

Smith, Professor of Anatomy in Burlington College Vermont, was introduced, & the wish of the Faculty expressed to him that he would accept a similar Chair in the Jefferson Medical College. A partial assent was given by Dr S. as both his public & private engagements rendered it difficult for him to give a positive reply — The Amount of fees to be hereafter charged for the several courses of Lectures, was taken into consideration when it was Resolved, that the fee to each Professor be fixed at $15.00. the graduation fee at $15.00. & that no Matriculation fee be required. Resolved, that printed Circulars be distributed throughout the Country, containing all the necessary information as to the terms, time &c of the several courses of Lectures. note, a resolution had been passed during the absence of the Dean, for the

Newspaper advertisement of the establishment of the College, The Circulars were the result of a distinct resolution & Profesp Eberle, Green & Beattie were appointed to prepare them — On motion Resolved, that the Dean address a note to the Revd Ashbel Green D.D. requesting him in the name of the Faculty to be present at, & to open with prayer the public meeting at which the address of Dr Rhees is to be delivered — On motion, Resolved, that as soon as publicity be given to the establishment of the Jefferson Medical College, a letter be addressed by the Dean to the President of the Theological Seminary of Princeton College, inviting all such Students of the Seminary as may be recommended by the Officers of that Institution to gratuitous attendance on the Lectures of the Profesps of Jefferson Medical College

Note, Agreeably to the preceding resolution, the Dean addressed a note to Mr H. & received from him a reply dated April 9th 1825. vide let
In the month of April but a single meeting was held in form, though frequent conferences took place between the members of the Faculty the results of all of which were referred to the Building Committee.

April 20th 1825. At a meeting held this day, Resolved that Dr McClellan be appointed to contract with an Engraver for the plate of a Diploma, the form Seal of which is to be determined after a consultation with the Revd Ashbel Green & Professor Green. [Note, the Seal was referred to Professor Green with instructions to lay his design before the Faculty previous to its execution.] Resolved, that Notice be given to all who may be disposed to apply for gratuitous admission to the lectures, to present to the Dean, their recommendations before the first of October next. Reported that the apartment for the Office & Infirmary was in progress; that an agreement had been made with Mr P. Bigonet, for the supply of medicine that Mr B. had proffered a donation of Medicinal Articles to the amount of $20.00; & that George Glentworth had contributed to the same purpose, several jars, & other materials for the Infirmary department. Note - At meetings held in the month of October, measures were taken for procuring wood & making all other necessary arrangements for rendering the Lecture rooms comfortable. For this purpose $5. were called for, from each member of the Faculty & paid according to the credits in the Treasurer's books. Henceforward, during the Winter Sessions it was impossible to preserve a record of the proceedings of the Faculty. It may however be stated, that at unofficial meetings of some of its members measures were adopted of the highest importance to the interests of the institution - Among these may be numbered 1st Resort to legal council on the questioned validity of the right of granting Diplomas in Medicine as claimed by the Trustees of Jefferson College - 2nd The steps taken to carry the question before the Legislature of the State. These measures were fully engaged in by some of the members of the Faculty without the Knowledge of the Dean, who cannot therefore be responsible for the absence of a correct minute of the modes of procedure - As an ex post facto assent was however tacitly given to the measures it may be proper to state that they resulted in the one case in the publication of a printed opinion drawn up by Edward Ingersoll Esquire, & confirmed by J. Condy Esquire; & in the other in a long & arduous Contest with the opponents of the Institution, both in the City & at Harrisburgh On the part of the Faculty it was deemed necessary for Drs McClellan & Eberle to visit the seat of Government more than once while the question was pending - The wishes of the

Faculty were finally gratified by a supplement to the Charter of the College enacted by which it was provided that ten additional Trustees resident in Philadelphia be appointed to superintend the medical department &c. vide supplement (not handed to the Dean) In the meantime the Session had been closed & notice was given that the examination of candidates would be commenced on the first of March. The following gentlemen accordingly presented themselves as candidates, & after an impartial inquiry into their qualifications were declared worthy of the degree of Doctor of Medicine — George Baldwin, Peter L. Beckman, John Bowen Brinton, George Carll, Benjamin Billings Coit, Thomas M. Dick, Joel Foster, Ralph Glover, Charles Graff, John Graham, Charles M. Griffiths, Lyle W. Griffiths, Nathan L. Hatfield, William Johnson, M. L. Knapp, Thos B. Maxwell, Atkinson Pelham Lewis Springer, John Frederick Stadiger, & James Swan — Benjamin Shaw, Frederick A. Waldo, Henry Took & Gilbert Shock were rejected, & the application of Jonathan Pounder was withdrawn. Subsequently, Benjamin Shaw was subjected to a second examination & was passed. While it was determined by the Faculty that Mr Springer be informed that his Diploma could not be expected, as he had according to his own confession been a Student for a period of but 18 months or at most 2 Years, It was

at the same time determined that during the delay of the commencement arising out of the slow progress of the bill pending in Harrisburgh, those who have passed the examination & whose circumstances will not admit of their continuance in the city may be apprised of their Diplomas whether they return or not — Resolved also that the Dean ascertain who & how many of those passed have been studying 3 years — In compliance with this resolution a meeting of the graduates in the city was called & a paper annexed subscribed by them. Resolved that the commencement be postponed until the signature of the Governor of the Commonwealth be affixed to the Bill now enacted by one & pending before the other house of the State Legislature —

April 8th At a Faculty meeting held this day, it was announced that the commencement might & it was moved that it shall take place on the 14th inst. Green to confer the degrees, Professor Green be appointed for the purpose — Professor Green & Rhees were appointed a committee to procure a suitable room &c. & Professor Smith to deliver an Address to the

graduates —

April 14th On this day the Commencement was held; It was opened by a prayer from Dr Green, after which the degree of Doctor of Medicine was conferred on the gentlemen before named, & an address read by Dr Smith An official notice of the Commencement was forwarded by the Dean to Lancaster & it was publicly announced in the daily papers of the City —

Barton be elected to the Professorship of Botany & Materia Medica — Resolved that Dr Eberle be instructed to write & forward to the Board, a letter expressive of these wishes — on motion of Dr Eberle Resolved, that the proceedings of this Faculty be now & hereafter strictly confidential: & that the disclosure of any of its proceedings, or of any conversations had at a meeting of the Faculty be viewed as a breach of confidence — Resolved, that the Dean address a letter to the Revd Dr Brown, acknowledging their obligations to him for the sum of $5. for each gradu-

& expressing through him their determination hereafter to pay into the College Treasury the same sum for each graduate of future years — On motion of Dr Beattie, Resolved that at the next meeting of the Faculty the Books of the Dean be laid before the Body & that this meeting adjourn until Saturday next —

Adjourned —

note, owing to the indisposition of the Dean this meeting was not held —

June 3d At a meeting held this day a general account was rendered by the Treasurer, but being unaccompanied by the Books no further notice was taken of them, than to request every member to hand to the Dean his accounts against the Treasury with the proper vouchers — Resolved, that Dr Smith be authorized to fit up an Anatomical Museum at the expence of the Faculty, if it can be done without immediate payment. —

note, Of the ex officio meetings of the Members of the Faculty from this time, as heretofore no record has been kept — As far as the knowledge of the Dean extends nothing important was done by the Faculty as a Body — Dr Barton's collection of plants was however removed to the college — Dr Smith's preparations for a museum were forwarded & alterations were made in

the Laboratory, by the agreement of a majority of the members — The Janitor was also authorized to fit up & remove his family to the front apartments of the cellar, & an agreement was made with him, by which he was to receive $20. per month through the entire year. In the mean time a letter was received from the President of the College, by the Dean, announcing the compliance of the Board, with the resolution of the Faculty, the appointment of Dr Barton as a Professor, & the election of 7 additional trustees —

August 5th At a meeting called this day to arrange the Treasury accounts & to make preparations for giving public notice of the ensuing lectures — Dr Eberle in the chair — The Treasurer presented his Report & moved that a Committee be appointed to audit his accounts Resolved, that the Deanship hereafter be annual — that for the ensuing year Dr Smith officiate as Dean & take measures for the immediate announciation in general terms of the Commencement of the 2nd course of Lectures — Resolved, that the Faculty adjourn until Thursday next, when the late Dean is requested to present all the official documents of the College now in his possession —

Aug. 1. 1827

The Faculty was this day convened by the Dean for the purpose of electing officers for the year. It appeared however that the Dean had committed an error in appointing the meeting on this day as the 1st Monday was named in the bye laws for that purpose

No objection being made however it was agreed to proceed to the election. Dr Smith & Dr McClellan & Dr Barnes & Dr Rhees being present

The Ballots having been taken, it was for Dean

Dean

Chairman

it was found that Dr Rhees was elected having four votes & Dr McAllister one —

On proceeding to the election of Chairman as provided in the Bye Laws it was found that Dr Eberle was unanimously elected

At this moment Drs Eberle & Barton joined the meeting. A discussion then arose as to the legality of Dr. Rhees election to the office of Dean, he having already served in that capacity one year, terminating in July 1826 The objection was founded on the article of the Bye-laws providing against the election of the same individual for two successive years

A motion was made by Dr. Barton to amend that article of the Bye-laws alluded to so as to provide for the election of the Professors to this and other offices in rotation. The vote of the Faculty being taken the amendment was rejected —

Dr Barton then objected to the election of Officers on that day it being not the time specified in the Bye-laws —

The meeting then broke up

Adjourned

The faculty met pursuant to a call from the Dean, & collections were made from several of the members, of monies due by them to the Treasury by D. Barton, who paid the sums thus received into the hands of the Dean D. Eberle, to be paid over to Dr. Chase for rent, & part to W. Heaton for wages - The sums are regularly entered into their proper places in the Treasurers book, by D. Barton - D. Barton was appointed to have the cabinet cases and other property belonging to the faculty removed &c

D. Barton was also appointed to make
out D. Barnes' acct. of dues for
which he stands indebted to the Society &
transmit the same to him — Also
to procure an estimate of the cost
of stoves for the new building — &

at his departure — D. Barton was
desired to settle in the best way he
could with Mr. Wharton, & inform him

of the fact, that by the new arrangements
of the Trustees, a committee of manage-

Dr. Wheaton Rhees & Barton — The
object of the meeting being stated by
Dean, to appoint officers, & receive
reports — Dr. Barton reported that he
had amicably discharged Mr Wheaton
from the duties of the faculty, by
terms that be stated in writing,
signed by Mr. Wheaton — he exhibited

~~Mr. Adams~~ Mr. Morris estimate
of cost for stoves &c. & reported
that he had written in behalf
of faculty to the Rev. S Green on
the subject & was appointed to
address him on, & had obtained
a sum of money which he had in-
mediately paid over to the late Treas-
D. Burton was appointed Dean,
& authorized to complete the
entire arrangement of the Cabinet
cases & museum gallery, by employing
carpenters & the necessary time to
accomplish that object — He
was also empowered to furnish the
Faculty or examination room in the
basement story of the new Building,

in a fitting & neat manner, also to furnish the withdrawing room of the professors in the first floor, in a suitable manner — to procure the stoves according to Mr Morris' estimate & have them fixed up- & to do all manner of necessary things, which may be requisite for the furnishing with a genteel & becoming appearance, the interior of the building — to have circulars & advertisements printed & distributed, & finally to engage for the payment of all these on as long a credit as terms & possible, but at a period not sooner than the end of the year. It was agreed on a motion of Dr Barton that a neat engraved view of the building be made for the medical diploma & that the faculty adjourn. William Barton Secy

Dear Les

I find that Mr Beans had charged to the Faculty the putting up of pipe in the College Garret — Although there things were charged to the faculty the year before I did not intend it should nor would this mistake have occurred had my whole account with him been paid. My impression was that there was about 20 dollars due him from the Faculty and so it would have been but that $6.95 ~~cents be~~ a part of expense in college should be charged to me —— There must therefore be $5.00 charged to me ——

Beans' bill for pipe & fixing up stoves $6.50
for small stove & pipe in back room 6.50
$13.00

I have therefore paid him five dollars too much on the Faculty account which is to be charged to me

Yours &c. N.P. Smith

Are there two rec.ts for $4?. If there is but one then only one dollar is to be charged to me

N.P.S.

Dear Sir

I was about when ~~the~~ your note was brought. Mr Bailey I believe, gave a note to Dr. Mc Clellan —— I see no necessity for Bigonetts bill of items. It has been once examined by Dr Rhees and Dr Green and was correct and wholly for articles rec'd within the last year.

When Dr. Rhees signed it I believe I gave him the un-receipted bill ——

Yours &c. W. Smith

Drs Barton & Barnes — Committee

Gentlemen

There were several of the students
who were to have been gratuitous from whom I obtained
notes as instructed by the Faculty — Of several I took
notes of $75 and ~~the~~ 15 in money when I could get
it. Two or three gave me notes of 75 dollars with a
promise of soon paying the 15 and I thought this
best as affording some chance of obtained the money.
Some paid and some absconded without noticing the
subject. Mr Hallowell paid 10 dollars of his; —

Mr Hale thought that ~~if I~~ he could pay 10 dollars but
not 15. I therefore took his note for 80. with a
promise for the 10 before he left; but he could not raise
it. — Kline & Luzenburg are in the same situation

Mr Thompson had his dissecting ticket, if I rightly
recollect, included in his note, but I can tell better
on seeing the note — I have an account before me
of $15 paid by him for the faculty —

The persons who have not paid the grad. fee are
1st ~~Dr~~ Cunningham on whom order was given to Dr Brown
2d ~~Dr~~ Kelly who paid only 5. 3d Fitch, from I
shall get the money this week. 4th Dr Shannon to whom
it was remitted by the faculty —

I think in Thompsons note Dr McClellan's
fees was credited on the back as well as the 15
dollars —

Dear Sir

I sometime since had a report prepared for the Faculty, relative to funds, but was unable to procure a meeting, nor did the committee call on me as was intended to audit the accounts.

The accounts of the professors have not all been handed in, which renders it impossible for me to make out a complete report. I have not yet received your receipts for the wood. The fees $18, and an estimate of the wood, was included in the last settlement which was made. — Your account then balanced, within a few dollars, that of some other Profrs — Barnes has paid and the money has been disbursed. $40 to Mr Patton 10 to stone man 7 to Mr Ruff — several printers bills have been paid &c &c. for which I have the receipts.

This, however, is by the way as the rent has never been compounded with the other accounts but each one has regularly paid his quota at the time of its becoming

119 I

1190

due, without reference to his account.

It is obviously best that it should be so, that our accounts need not be complicated. — Some of the other professors are considerably in advance of you.

I am ready to report the state of our accounts whenever the faculty will attend to ~~it~~ them — If you will have the goodness to send me the amount of wood I will let you know your relative amount — The whole amount of dues is not yet known as accounts against ~~the~~ Faculty are daily coming in. ———

With regard to the rent, you will please recollect that it has always been held distinct from other accounts.

Yours respectfully

A. H. Smith

W. P. C. Barton M. D.

N. B. Dr Barnes will pay his proportion

1194

P. S. Shaw will probably annoy us if the whole is not promptly paid.

The reason of the quota being 55 is that Mr Green has above two hundred dollars in our hands for which an order was given by the Trustees of Jefferson College. As this was entirely distinct from the account, and in our hands as borrowed money, we could not exact rent of Mr Green

Dear Sir

I have never charged the Faculty with any thing for the garret partitions, nor any work done in it I have a separate receipt for 52 dollars & the account was always kept distinct

As to the stove in the back room it is perfectly proper the Faculty should pay for it I always intended to charge it to them — I appeal to them — You must misrecollect with regard to it — That room was fitted up entirely at the expense of the Faculty & will be in the new college

Rec.d of Jacob Green M.D. Sixteen Dollars

in part pay of my Wages

Wm Watson

Nov. 12. 1827.

I have received as Treasurer from Francis J. Stewart Ten Dollars, & have his promise to pay monthly for four months, the sum of Ten Dollars, which will make Fifty Dollars for the use of the different professors who think proper to give him their ticket for the proportion of Fifty Dollars, regulated by their ticket fee — Dr. Barton is satisfied from his knowledge of this young man, that his pay is $17 50/100 per month, being all he has for his support — He will matriculate next year & will then pay the full amount of that years ticket fees

John Green.

I agree to the above proposition of Mr. Stewart & have given him my ticket on the terms specified above W. P. C. Barton
Nov. 12. 1827

I agree to the above. J. Green —

And I also Jno Eberle

Mess^rs Long, accompanied by some remarks
& objections of the Com^ee of the faculty.—
Of the sum due according to the Contract,
there have been reserved & remain unpaid 2400$
which the com^ee of the faculty thought it best
to retain until the bills of extras shall be
adjusted & the liens satisfied.—

As no injury of any kind has
arisen from the failure of the Contractors

from the application occasionally of his
workmen to extra jobs, the fine of 20$ per

but comes properly under the consideration
of the Com^ee of Trustees—

The Com^ee of Trustees will
not think us transcending our proper sphere

of duty in respectfully requesting them to give as early as convenient, their attention to the accounts & report herewith made—
